

# Sprint 1 Report

Pick an Ingredient

Team All You Can Eat

8 July 2019

## Actions to stop doing:

- Taking on tasks that are too large to complete individually between scrum meetings.
- Not being clear about the assignment of tasks.
- Working on separate parts of the application.

## Actions to start doing

- Splitting up tasks so that they are more manageable and assignable.
- Discussing project on a more regular basis.
- Collectively working parts that will be easily deliverable.

## Actions to keep doing

- Asking for help when having trouble on a task.
- Working together to find solutions

## Work completed

- Webscraped recipes and compiled them into .csv file
- Login UI
- Set up all infrastructure

## Work not completed

- Connecting the database to the app.
- User authentication

## Work completion rate

- Days in Sprint: 7
- Stories Completed: 2
- Ideal work hours: 26
