Sprint 1 Plan

Product name: Pick an Ingredient.
Team name: All you can eat
Sprint Completion date: 08/07/2019
Revision number: 1
Revision Date: 29/06/2019

Goal:
- Create UI and functionality for log-in/sign-up page and compile all recipe information for database

User Stories:

User Story 1:
As a user, I want to be able to login and have a secure profile so that my information is safe.
- Learn Xamarin language (10 hrs)
- Set up Login and Signup UI (1hr)
  Total time: 11hrs

User Story 2:
As a user I want to be able to sign up and so that all recipe recommendations are customized to my profile.
- Connect UI to database to store user profiles (1 hr)
  Total time: 1hr

User Story 3:
As a customer I want a large database of recipes to choose from so that my users get a unique and specialized recipe without repetition.
- Web Scrape recipes online for ingredient lists and links to recipes (10hrs)
- Add all recipes to database for storage and easy access (1hr)
  Total time: 11hrs
